Mission Statement

BitSiren strongly believes that state of the art technology combined with cutting-edge marketing techniques with the foundation of traditional business fundamentals are a winning combination for modern business success.

Bitsiren's management has diverse background in Advertising, Software Development, E-commerce, Event Marketing and Public Relations all learned in key markets in Europe and Asia.

The greatest strength of BitSiren lies in our team's ability to seamlessly combine all of these varied disciplines to drive creation of custom-tailored, integrated business solutions.

Executive Summary

BitSiren is an IT/Communications consultancy with a strong focus on front-end and back-end bespoke IT solutions that are customized for your precise business goals. We seamlessly combine cutting-edge online marketing techniques and traditional offline marketing methods to create innovative synergies that cross-promote your brand.

Whether your goal is to streamline internal work-flows, generate new leads or propel your brand into the stratosphere, BitSiren will apply the latest advanced technology and techniques to a tailor-made solution.

Our one-stop service delivers high professional standards, at Asia-competitive prices.
